Sir:

In response to the restriction requirement of April 6, 2007, Applicant elects Species II.

Applicant concurs with the Examiner's statement that independent claims 26, 31, 38 and 39 are generic to Species I and II. Applicant submits that dependent claims 27, 30 and 34-36 are readable on elected Species II. Additionally, dependent claims 29 and 31 are generic to Species I and II and must also be examined on the merits.

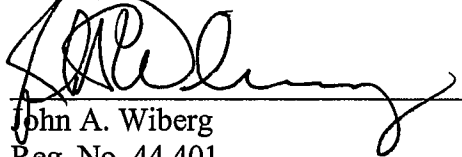

Applicant also points out that the Examiner's characterization of Species I and II is slightly inaccurate. Figures 12 and 13 should be included in species II because Figures 12 and 13 correspond to Figures 4 and 5.
